

§ 38.04 PUBLIC WORKS.

The function of this department shall be to oversee all public works within the city and to address all issues related thereto, including serving as the city's liaison to all other governmental entities providing public works to the city. This includes but is not limited to overseeing and resolving any issues regarding streets and sidewalks. The department head shall have the duty to carry out the functions of the department as set forth above, and to report to the Commission at regular meetings and otherwise when the need arises.
