Minutes of the meeting of the Board of Trustees, Wednesday, July 6, 1969.

The Board met at 7:30 P.M. in the American National Bank and Trust Company with all members present. Mr. Charles Stewart and Mr. Reagan of the Warren REA and Mr. B. J. Miller were guests.

Chairman Smith suggested that since we were fortunate enough to have representatives from the REA with us that we change the usual order of meeting and present them first. Mr. Stewart said they had received our request for the installation of ten vapor lights on Main Street but since a rate reduction was anticipated, they had held this order in abeyance until they could present different plans to the Board. Mr. Reagan presented six plans with detailed cost analysis. Sufficient number of plans were available for all members to follow his discussion.. After a general question, answer and discussion period, Trustee Jordan made a motion that we take plan 5 with six additional lights instead of five. Trustee Madison seconded the motion. There were no dissenting votes. At this point, Mr. Stewart and Mr. Reagan left the meeting after assuring the members that the lights would be installed as quickly as possible. They said it would be impossible to have them for this year's Horse Show.
