The clerk agreed to inform the company of the commission's decision.

6. Other

Mayor Gilley ask the citizens in attendance if they had anything to discuss. Mr. Jimmy Jackson wanted to know when College Street in his sub-division was going to be paved. He said he had talked with Mark Flener, the city attorney, and he told him that College was definitely a street and that the ordinance in question made it legal for the city to pave this street. Mayor Gilley said he had talked with John Metheny at Planning & Zoning and his office wasn't able to come up with the city ordinance which named the street and neither could the clerk. He added, at the time the city passed the ordinance annexing the land into the city, the then presiding commission, accepted a gravel street along with the land, and College Street wasn't anywhere in the Ordinance. Mr. Jackson said the city took in the sub-division and a street, why does the street have to have a name? Mayor Gilley said because this was the way Mr. Metheny had told us it was to be done. A street must be named by Ordinance. Comm. Bryce said to his knowledge, there were only two streets in Smiths Grove which weren't paved. College on the upper end, and the upper end of Webb Ave., Comm. Crisp wondered about the street that ran by Donald Law's residence. He said Mr. Frank Russell had paid for all of the gravel that was put on the street the whole time he was living. Mayor Gilley said the clerk had written to the Attorney General for opinions regarding the ordinance's legality and the decision would have to wait until we received his reply. Mr. Thomas Webb ask if he could have a few minutes of the commission's time on behalf of the people in his sub-division., Mr. Webb explained all of the particulars that were involved in developing the Webb Sub-division along with the attorney fees he had personally paid to get the area taken into the city limits. Now his question to the commission was, why, when they paved Webb Ave. they didn't continue around the corner to the two new houses he had built 3 to 4 years ago. Mayor Gilley replied the same thing applied here that applied to Mr. Jackson. According to the prevailing ordinance, when a street is blacktopped, then the city maintains it. Mr. Donald Laws ask the commission, if when his funds became available, if it was alright for him to gravel and grade Smiths Grove Road by his house. Comm. Smith presented

a motion to allow Mr. Laws to do this work, seconded by Comm. Crisp. Roll call and vote - Bryce yes, Gilley yes, Crisp yes, Smith yes

With no further business to be presented, a motion to adjourn was heard.
