

City Commission meeting - May, 28, 1985 - City Hall - 7:00 p.m.

Mayor Jackson called the meeting to order at 7:00 p.m. with all commissioners in attendance.

Minutes of the previous meeting were presented for comments or correction. Mayor Jackson said under old business, he had been in contact with Mr. Bill Borders of the Flav-O-Rich Co. and they had agreed to be annexed into the city at our convenience. He explained the clerk had been working on the annexation proposal for the commission's approval.

Comm. Gilley reported, under the heading of old business, he had been to talk with Mr. Lionell Howell regarding his barn, as he had told Mr. Barnes he would do. He said Mr. Howell was very agreeable about the problem. Mr. Howell said he would be retiring in the near future and would either tear the barn down or paint it and make it look better.

Mayor Jackson wondered the commission's opinion about going ahead with the bid advertisement for the repair of Vincent Street and Wayne St. as they had discussed at the prior meeting. A lengthy discussion followed as to the proper procedure involved for the bids in regard to the annexation. Mayor Jackson said he felt the county would pave the portion that was above the plant, and the city could do the portion that was now in the city. With no more comments or discussion to be heard, Comm. Garman presented a motion the clerk now advertise for bids for Vincent St. from the west end of the Cee Bee parking lot, east to the city limits, and for Wayne St. between Fourth & Sixth, seconded by Comm. McChesney. Roll call and vote - Marr yes, Gilley Yes, Jackson yes, McChesney yes, Garman yes,.

### 3. PROPOSED BUDGET - FISCAL YEAR 1985-1986

Mayor Jackson said as the commission was aware, there was a definite problem with the proposed budget because there was a deficit figure in the general fund ending balance, and according to KRS a budget couldn't be enacted with a deficit of any kind. He ask the commission if they had had time to come up with a solution of any kind. They had no suggestions. Andy Lange, from the BRADD offices said there only solution was to either decrease expenditures totals or increase the revenues. He wondered if they had considered the insurance premium tax that he had presented at the April meeting. He felt the city was utilizing all of the other ways to get revenue that was available to us. Mayor Jackson said he, like all of the commission was aware there had to be something done, but would like to have a little more time to consider the insurance premium tax before he acted on it. All of the commission was in agreement. They felt another special called meeting would be necessary. They set the time for Fr1day, May 31, 1985 at 9:30 a.m ..

### OTHER

Mayor Jackson said there had been a problem with the property owned by Mid Continent Systems over by ED Spear Park. They had let a portion of their land grow up until it was an eyesore. The clerk had contacted both Jim McGuirk and Robert Craig from the Mid Continent offices and they had been very co-operative. The clean-up effort was already under way.

Martha McGuirk had contacted the clerk to see if we could contact L&N Railroad about the thistles and weeds that were growing along their tracks causing an eyesore to the city. It was agreed to contact them to have this taken care of.

With no further business to be presented, a motion to adjourn was heard.
