

CITY OF SMITHS GROVE
SMITHS GROVE, KY. 42171

November 3 1970

The Board met in regular session at the American National Bank with one member, Trustee Harold McGuffey, absent. A visitor, Bill Pierce attended.

1. Chairman Melton commented that due to the extra effort extended us by the Warren County Sheriff's Department, Halloween pranks were held to a minimum. Clerk was asked to write Mr. Phelps a letter concerning this. The night watchman situation was discussed. It is thought that perhaps we can pay a deputy an arresting fee. Trustee Melton will check with Mr. Phelps on this situation and also check to see if local arrests can be tried in Mr. Blue's court. Mr. Carter from Brownsville is still interested in part time work and he will be contacted as soon as we get an answer from Mr. Phelps.

2. Locks have been changed at the fire department building and also at the water works office. It was rumored that complaints had been made but no one came to the meeting to express their feelings. Bill Pierce said they really needed access to the water system. Mr. Melton told him the reason for the change of locks was the fact the fire department members were not taking care of the building. It was decided to have keys made for Bill Pierce, Earl White, Joe Jordan, McGuffey office, Lance Helton and Wayne Wingfield. Mr. Pierce also reported the fire department members wanted a place to wash their hands. It was decided that hand cleaner and paper towels would do the job. Mr. Pierce was told to purchase these at the hardware and send the bill to the city. Borax waterless soap was recommended. Mr. Pierce also reported the heater at the fire station is installed so that the heat is blowing on the hose of the city truck. It needs to be changed to blow another direction. Trustee Melton is to contact Motley and Barrow regarding the moving of this heater. Clerk is to contact the Inspection Bureau to see if the city truck can be out of town on an emergency run. A new pump is needed on the rural truck and then have the present one repaired to use as a stand-by.

3. Earl Watt has inquired about a water line to his property but he did not attend the meeting. Mr. Elmer Madison has made complaints but is now satisfied.

4. ~~XXXXXX~~ Judge Blue reported a tree on a monument at the cemetery. Clerk will contact Marshall Parrish regarding this.

There being no further business, the meeting adjourned until the next regularly scheduled meeting.

Gertie Bybee, Clerk

T. C. Melton, Chairman
