

Municipal Aid Road Funds Proposed Use Hearing - April 25, 1988 - 7:00 p.m.

Mayor Gilley called the hearing to order, with all commissioners in attendance as well as numerous interested citizens. The Mayor turned the floor over to Comm. Belcher, in charge of the streets. Comm. Belcher stated that he had surveyed the streets within the city and in his opinion the ones in the worst need of repair were as follows: Beeler, Highland, finishing of Kentucky St., Lawson St., (one block), patch and fill holes on Vincent St. Mayor Gilley ask those in attendance if they had any more streets to add to this list. Barry Claypool stated they had a house under way on Ridgecrest St. and would appreciate that street being added to the list. He stated that he and Bud Greenup would be more than glad to pay for half of the work cost if necessary. Comm. Belcher said those streets named would be advertised for bid cost and then with the available money those with the most need of repairs would be done and the others as the funds became available.

With no further discussion to be heard, a motion to adjourn the hearing was heard.
